

CHANGE IN FILE STATUS
APPROVAL FORM

DATE September 22, 1987

CURRENT FILE NO. ACT/027/003

RECOMMENDED FILE NO. INA/027/003

COMPANY AND MINE NAME Sapphire Corp. - Spectrum Quarry

REASON FOR CHANGE IN FILE STATUS

In 1978 Merd Corporation submitted a mine and reclamation plan for a decorative stone quarry that had previously been mined prior to 1975. Merd Corporation was leasing the claims from Sapphire Corporation and did some development work on the site in 1978. Ron Daniels, who inspected the site in 1978, states that Merd Corporation redisturbed 2 to 5 acres of the existing quarry. all work was stopped due to a legal conflict over the lease agreement between Merd Corporation and Sapphire Corporation. Sapphire Corporation completed the permitting process except for the posting of a reclamation bond. Site visits in 1981 and 1982 reported that the shop buildings had been removed and that there had been no further mining on the site. No health or safety concerns exist on the site due to the limited nature of disturbance.
